

February Meeting Message

We had a good turn-out at the January joint SFA-UDT Association mixer. For those that missed it; see the photo below to get an idea. We are holding a February meeting to talk about the state of the chapter, get together as an Association, and to grab a drink with friends. The space available at the January meeting was far too small for the amount of people that showed. So this month we have an agreement with the venue to reserve us a space in relation to the number of people that RSVP. In order to manage this, we are going to use a major third party E-vite service that will track the RSVP's for us. You will be receiving an E-vite email from evite.com in reference to this meeting.

NOTE: It is important to RSVP if you are reasonably sure you will attend.

NOTE: Do not RSVP by replying to the Chapter Secretary.
